

## HONORS FOR W. MONT FERRY

"American" Leaders Size Up His Barrel and Would Run Him for Congress.

### BARTCH TO JOIN PATRIOTS

CHIEF JUSTICE AND REPUBLICAN MACHINE AT OUTS.

Councilman W. Mont Ferry, who has political aspirations, is likely to have them gratified this fall. In the inner circle of the "American" party Mr. Ferry is being touted as the proper man to run for congress this fall, and unless he declines the empty honor with considerable emphasis, he is likely to have it thrust upon him.

No "American," however optimistic his temperament, has the slightest idea that his party candidate for congress will stand a ghost of a show to be elected this fall. All the glory Mr. Ferry would get out of the race would be the pleasure of spending his money and having his friends in the east know that he had been nominated for congress.

Mr. Ferry, however, has coin in plenty, and looks good to the patriots. They propose to center the "American" fight in Salt Lake county with a view to electing the county and legislative ticket here. They would tap Mr. Ferry's barrel with that end in view, and use his bank account to install "Americans" in the county offices now held by Republicans.

As a statesman Mr. Ferry has not thus far proven to be a howling success. Probably no member of the city council pays as little attention to city affairs as he, or knows as little of the council routine. He rarely attends committee meetings, and his chief councilman service thus far has been to cast his vote as directed by the "American" party bosses.

### Where is Bartch Drifting?

Rumor has it that Chief Justice George W. Bartch of the supreme court, after holding office at the hands of the Republican party for many years, is about to signalize his retirement from public life by joining the "American" party. Judge Bartch denies this, but his denials lack emphasis, and it is known that he is holding frequent political consultations with "American" party leaders.

Aforetime Judge Bartch subjected himself to much criticism from men who are now active in the "American" party by his friendship for the Mormon church. All that has changed, however, as his attitude at sword points with the Smoot machine. That organization of patriots has bumped the judge's multi-farious political ambitions with an exceedingly hard bump at every turn of the road. He and Senator Sutherland do not speak when they meet on the street. He is angry because Reed Smoot supported Sutherland for United States senator instead of himself. Moreover, as his anxiety for federal office has increased with the near approach of his retirement from the bench, he has been given to understand that he could hope for no support from Smoot. Therefore he has concluded to take a hand in saving Utah from Mormon domination.

### No Hope for Judge Frick.

The Smoot machine, it is said, has decided definitely to turn down Judge J. E. Frick for the supreme bench. The nomination is to go to District Judge C. W. Morse, and it is doubtful if the Smoot crowd will even consent that Judge Frick shall have the vacancy which will thus be created on the district bench. And thereby hangs a tale.

Judge Frick declined to endorse William Sney for United States senator, and he solicited to do so, and refused on the ground that he did not want to mix in the fight. The Smoot crowd, however, if not intolerant of opposition and lukewarmness, and inasmuch as there is not the slightest prospect of his controlling the Republican party, they will not regret his unfortunate refusal of Mr. Sney's request.

### Is Glasman Turned Down?

There are persistent rumors that Senator Smoot has directed Congressman Howell to snuff out "Bill" Glasman's ambition to be postmaster at Ogden, lest the Republican party in Weber county be wrecked by the appointment. Glasman has indicated in his newspapers that he is not a candidate for the place, and it looks as though he was standing firm under. A prominent Smoot man said yesterday that, while Glasman was not to have the postoffice, he is still friendly to the machine, and that he will support Congressman Howell for re-nomination.

### This man gave out the impression that

Glasman in direct contact with them. What this office will be the man did not indicate, but he expressed the fervent hope that it would be one which would take Glasman out of Utah. The fact that Whitlaw Reid is talking of retiring as ambassador to the court of St. James is responsible for a rumor that Senator Smoot will try to secure that place for the Ogdenite.

### Parley P. Gets Busy.

County Attorney Parley P. Christensen, who has not yet been told by Senator Smoot that he is not running for congress, has dubbed himself the "anti-Pusey" candidate for congress. He has heard Christensen tell it one would imagine that "Fussy Jimmy" Ed Callister and the rest of the machine were sitting up nights to devise ways and means of leading off the tremendous wave of Christensen popularity which has been in from St. George to Logan. Mr. Christensen trusts himself as the only genuine, original, blown-in the bottle anti-machine candidate for congress, and that political salvation for Utah lies in his nomination alone.

## "Pat" Moran Buys Big Green Automobile With His Contracting Profits

### Temporarily 'Gene Grady' is acting as

Mr. Moran's chauffeur. It has been suggested, however, that Mr. Moran make requisition on the city engineering department to furnish him with a chauffeur at the city's expense. "Bud" Black has been mentioned for the place.

### Another suggestion made is that

City Engineer L. C. Kelsey act as chauffeur to the descendant of the Irish kings, and that Mayor Ezra Thompson act as footman to get down and open the door when "Pat" wants to get out.

But Pat only smiles at these ideas, for smiling is Pat's habit. He seriously asserts, however, that he will decline to run over any councilman with his automobile. It is said the machine runs along as smoothly as its redoubtable owner, and such a little thing as encountering a councilman would never faze it.

Watch for the green whizzer—that's Pat.
